To the Class of 2022,

We would like to thank you all for helping to make these four years of high school memorable. From the first day of freshman year, throughout remote learning, and all the way to senior year, we experienced ups and downs together. We grew up together, and now, we are moving on to the next chapter of our lives. Despite the lack of social events over the past few years, we hope that we captured your most joyous high school memories. As a class, we continued to show spirit and pride throughout the pandemic, including attending sports games, class fundraisers, musical performances, outdoor junior prom, and the 1920s-themed Homecoming Dance. We all have formed relationships and learned new things from each other that we will take with us. As the show comes to an end, we want to wish you all the best in your sequel to high school and cannot wait to see you all shine while walking on your own red carpet.

The Yearbook Editors,
Ella Brennan, Julia McAree,
and Milania Saggese

REPRESENTATIVES

Front Row (L-R): Morgan Kirby, Lillian Cancelarich, Ella Brennan, Madigan Laidlaw, Erin Doherty, Brigid McCarron, and Morgan Levesque

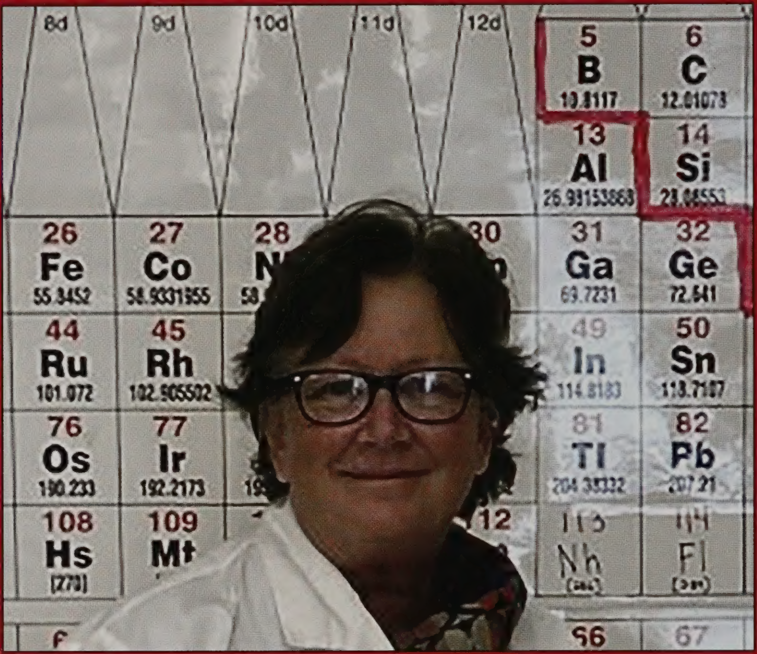
Dear Ms. Staples and Mr. Cochran,

To say we had a unique high school experience would be an understatement. Sophomore year, just before our Froshmore dance, we shut down for what ended up being much longer than the anticipated two weeks. From Junior Prom to Spirit Month, just about everything we've done has changed drastically due to the pandemic and the restrictions that came with it. In spite of these challenges, Student Gov (and our class as a whole) has fought through, and we've made the best of the hand we were dealt. This would not have been possible without the two of you. From early morning meetings to late nights crafting contraptions for our spirit display, you were both there for every minute of it, and for that, we are incredibly grateful. Your guidance has gone beyond Student Gov. Through our endeavors, we have grown as leaders and learned how to form and foster a community. These lessons are priceless, and we are extremely grateful to have learned them from you two. Our experience was not entirely smooth sailing (especially Freshman year's failed Froshmore attempt), but we wouldn't want it any other way. From the bottom of our hearts, thank you.

Brigid McCarron, Drew Harrington, and Stefan Mackowski
Class of 2022 Student Government Co-Presidents and Vice President

THANK YOU MS. NASLAS!



Ms. Nancy Naslas is retiring from Melrose High School after teaching for 18 years. Many students have been fortunate enough to be taught by this passionate and experienced teacher who has left an inspirational mark on them. Ms. Naslas began her working career as an environmental consultant in the field of environmental engineering, but later found a passion for teaching science in Melrose at the middle school and high school. Ms. Naslas met her husband while studying at Brown University where she earned her Bachelor of Science degree in Geology Sciences and later earned the Master of Sciences in Civil Engineering at the University of Colorado, Boulder. At MHS, she has taught Environmental Science, Chemistry, Forensics, Physics, Biology, and Astronomy. Some of her most notable memories in teaching are from her Environmental Science classes because of the enthusiasm and emotion she saw in her students about their involvement in some of these topics and wanting to make the world a better place. In addition to her passion for science and teaching, she is committed to traveling the world. With family members in Seattle, Florida, England, Greece, and a home away from home in the mountains of New Hampshire, she will find herself visiting family and friends during retirement. Ms. Naslas has spent her career devoted to educating her students not only on the current curriculum, but also on the importance of caring for the environment and making a positive change in the world.

"It's been a privilege to work here with some very collegial colleagues; the department works really well together and has a lot of people to lean on. It is a good group."
-Ms. Naslas

MHS wants to thank Ms. Naslas for all the opportunities that she has given to her students!
Best of Luck in Retirement!
